

300 x 360 mm

The diagram shows a rectangular plate with a central vertical slot. Two rectangular holes, each labeled '300 x 360 mm', are positioned on either side of the slot. The top edge of the plate features four square cutouts, each marked with an 'X'. The bottom edge has a central triangular cutout and two trapezoidal cutouts at the corners. A dashed green line indicates a horizontal section line at the top, and a solid green line indicates a vertical section line through the center.
