

210 x 62,5 mm

The diagram shows a cross-section of a roof truss. It features a horizontal solid line at the top and a horizontal solid line at the bottom. Vertical solid lines are spaced evenly across the width. Dashed lines represent the roof's slope, meeting at a central peak. A horizontal dashed line is drawn below the top solid line. Two rectangular boxes with pink borders are positioned above the horizontal dashed line. The left box is labeled '210 x 62,5 mm' and the right box is labeled '210 x 135 mm'. The text is in a pink, sans-serif font.
