

270 x 92,5 mm

The diagram shows a roof structure with a central ridge. A horizontal dashed line represents the ridge line. Two vertical dashed lines are positioned on either side of the ridge. Two rectangular components are shown: a smaller one on the left and a larger one on the right. The smaller rectangle is labeled '270 x 92,5 mm' and the larger one is labeled '270 x 165 mm'. The roof slopes are indicated by dashed lines extending from the ridge line down to the bottom edge of the drawing.
